CAREER OBJECTIVE

Digital Marketing professional (BCA graduate) with hands-on experience in SEO, Google Ads, and Meta Ads — currently managing a full-service freelance account covering technical SEO, paid social, and search campaigns, plus local SEO (Google Business Profile) for a B2B client. Comfortable working directly in WordPress/Shopify and speaking the language of developers, thanks to a foundation in HTML, CSS, and JavaScript. Looking for an entry-level to junior Digital Marketing role to apply campaign planning, optimization, and analytics skills toward measurable growth.

FREELANCE EXPERIENCE

Digital Marketing Consultant (Freelance) — ProVend (theprovend.com) *2026 – Present*

- Managing the full digital marketing package for the client: technical & on-page SEO, meta tag optimization, and Google Ads campaign setup and management.
- Handling Meta Ads alongside Google Ads, covering targeting, budget allocation, and performance tracking.
- Acting as the sole point of contact for strategy and execution across SEO and paid channels — end-to-end ownership of the account.

Local SEO Consultant (Freelance) — Recruitment Agency Client (Third-Party/B2B) *2026 – Present*

- Optimizing Google Business Profile (GMB) for a third-party recruitment business to improve local search visibility.
- Advising on profile completeness, categories, posts, and review strategy to strengthen local search presence.

DIGITAL MARKETING SKILLS

- SEO: On-page & off-page optimization, technical SEO audits, keyword research, meta tag optimization.
- Paid Advertising: Google Ads, Meta Ads — campaign planning, targeting, and budget allocation.
- Analytics & Tools: Google Analytics, Google Search Console, Google Business Profile (GMB).
- Platforms & Design: WordPress, Shopify, Canva.

Additional Technical Skills *(supporting skill set — useful for working directly with developers and diagnosing on-page issues)*

- Languages: HTML, CSS, JavaScript, jQuery, Bootstrap, ReactJS.
- Tools: VS Code, GitHub, SourceTree, MS Office.

PROJECTS

- SEO Audit Project: Conducted a technical and on-page SEO audit for a live website as part of Digital Marketing training.
- Google Ads & Meta Ads Mock Campaign: Planned and set up a sample ad campaign covering keyword research, targeting, and budget allocation.
- Social Media Growth Practice: Managed content posting and engagement strategy for a sample Meta Business page during training.
- Web Mini-Projects (Calculator, Dark/Light Mode Switcher): Built using HTML, CSS, and JavaScript — demonstrates working front-end fluency.

EDUCATION

- Digital Marketing — Vidya Sarthi Institute of Digital Marketing, 2026 (87.5%)
- Web Design & Web Development — Bal Bhawan, Faridabad, 2025 (78%)
- BCA — D.A.V. Centenary College (affiliated with Maharshi Dayanand University), 2018 (64.36%)
